## PROGRAMMER FULL STACK

### ABOUT ME

I am a full-stack developer with a background in Computer Engineering. I collaborate with AurigalA, where I participate in the development of innovative technological solutions, and with ENVIO x ENVIO, where I develop systems to optimise logistics operations in Barcelona. I excel at team coordination, planning, clear communication, and problem solving. My background in coordination and education reinforces my ability to work in teams and adapt to different professional contexts.
